Civic Streaming
A BRAVE NEW (STREAMING) WORLD

56% of citizens prefer streaming to live TV.*
They want to watch things on their time and at their convenience.

It’s a brave new world, and if you want to reach your citizens most effectively, you’ll need to adapt.

“Build an on-demand library, empowering citizens to educate themselves on the issues that interest them most.”
“Deliver meeting content transparently and accessibly.”
“Easily record and upload meetings.”

“I want to be held accountable to the people who elected me. Civic Streaming makes it easier for citizens to do that because they know what’s going on.”
